NACA is the premier association for campus activities and student engagement in higher education. Founded in 1960, the National Association for Campus Activities (NACA) is a non-profit organization that empowers members to amplify the campus experience through inclusive learning, meaningful connections, and engaging entertainment that transforms college communities. NACA serves as the central hub for campus professionals, student leaders, entertainers, agents, vendors and other entities involved in the planning and execution of campus events and activities. The Association provides educational workshops and conferences, offers a range of professional development resources, networking opportunities, and maintains a database of vendors and performers.

About NACA Conferences

Each year, NACA hosts several conferences around the country and a national convention, NACA Live. These events allow for live entertainment showcases, educational offerings and exhibiting opportunities. For three days, artists and vendors are performing and networking in person with the talent buyers and decision makers of their campuses. Don't have a performing act? Don't worry. NACA events have multiple opportunities to increase brand visibility and awareness for your company/agency.
